

The Pool

NWM Real Estate seeks to provide unit-holders with stable and growing cash distributions as well as long-term capital growth primarily through investment in real estate and related investments.

The Strategy

Depending on market conditions, the fund obtains exposure to real estate by investing in publicly traded Canadian, U.S., and global REITs. Other strategies include investing in non-publicly traded vehicles such as Limited Partnerships to reduce exposure to capital market volatility. The fund may also invest in debentures, bonds, cash and/or money market securities.

The Manager

Nicola Wealth Management Ltd. (NWM), the “Fund Manager,” is a wealth management and planning firm-established in 1994. With a philosophy built on cash flow and diversification, our growing series of funds is managed by members of NWM’s Portfolio Management Team.
