

# NICOLA WEALTH

## The Pool

Nicola Precious Metals Fund objective is to provide unit holders with long-term capital appreciation through mutual funds, common shares, ETFs, and closed-end funds specializing in precious metals or the production of precious metals, as well as funds representing investments in gold or silver.

## The Strategy

The fund's strategy involves the ability to buy gold bullion as well as invest in equities with precious metal exposure. The fund primarily allocates its capital to a third party precious metals manager focused on smaller mining companies, complemented by smaller investments in a basket of mid-to-large cap companies producing precious metals, using the Gold and Precious Metals & Minerals sub-indices on the TSX as a guideline for investment allocations.

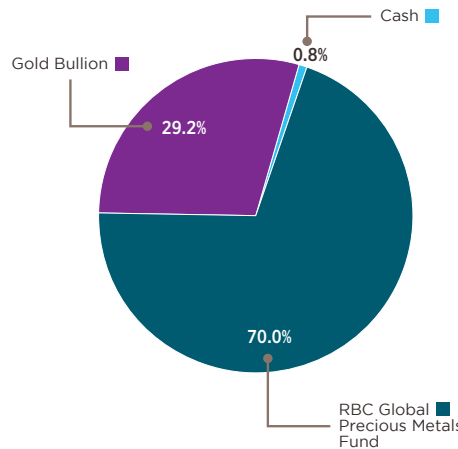

## The Manager

Nicola Wealth, the "Fund Manager," is a wealth management and planning firm established in 1994. With a philosophy built on cash flow and diversification, our growing series of funds is managed by members of Nicola Wealth's Portfolio Management Team.
